

FOR CO-HOSTS AND COLLABORATORS

LEAD TOGETHER

Share the load. Share the joy.

Tools for co-hosts, volunteers and partner groups to run great experiences together.

+ Shared leadership
+ Joint events
+ Less burnout

WHY IT MATTERS

No community should be one person deep.

Groups stall when one founder runs out of time. more. makes shared leadership natural, with co-host roles, joint events with other communities and tools that keep everyone on the same page.

SHARED LEADERSHIP

Build something that lasts

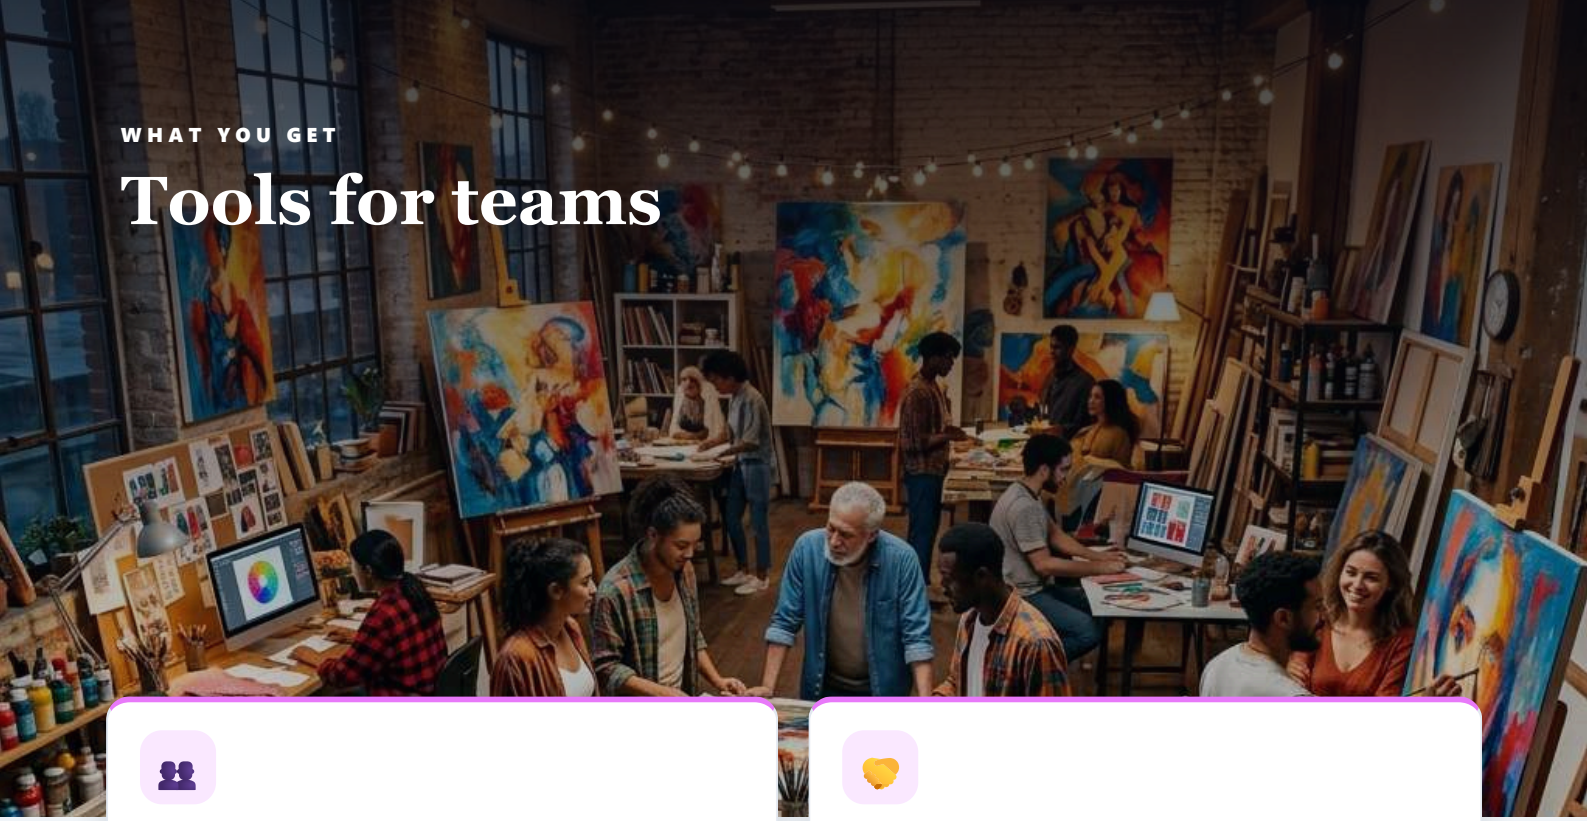

Hand over, share out and collaborate across communities without losing member history or starting from scratch.

Co-host roles
Give trusted people the access they need, without sharing passwords.

Joint events
Co-host gatherings with other communities, with shared RSVPs.

Shared check-in
Everyone on the team can check people in on their own phone.

WHAT YOU GET

Tools for teams

Multi-host permissions

Assign deputy leaders with check-in and event editing access.

Cross-community events

Partner with other groups using co-branded pages and combined RSVPs.

Shared meeting details

Keep meeting points, arrival notes and briefings in one place for everyone.

Simultaneous roll call

Multiple hosts can check attendees in at the same time at the meeting point.

Safer group management

Backup hosts always have attendee details to hand if plans change.

Co-creation board

Invite volunteers to pitch activities and shape the calendar with you.
