

FOR COUNCILS AND BIDS

ACTIVATE YOUR TOWN

Livelier high streets. Stronger neighbourhoods.

Digital community infrastructure that gets residents out, connected and supporting local business.

+ More footfall
+ Less isolation
+ Local insight

THE OPPORTUNITY

Connection is local infrastructure.

Councils and business districts face rising loneliness and pressure on town centres. more. gives you a ready-made way to mobilise residents into regular, real-world activity that supports wellbeing and local trade.

CIVIC PARTNERSHIP

A living alternative to leaflets

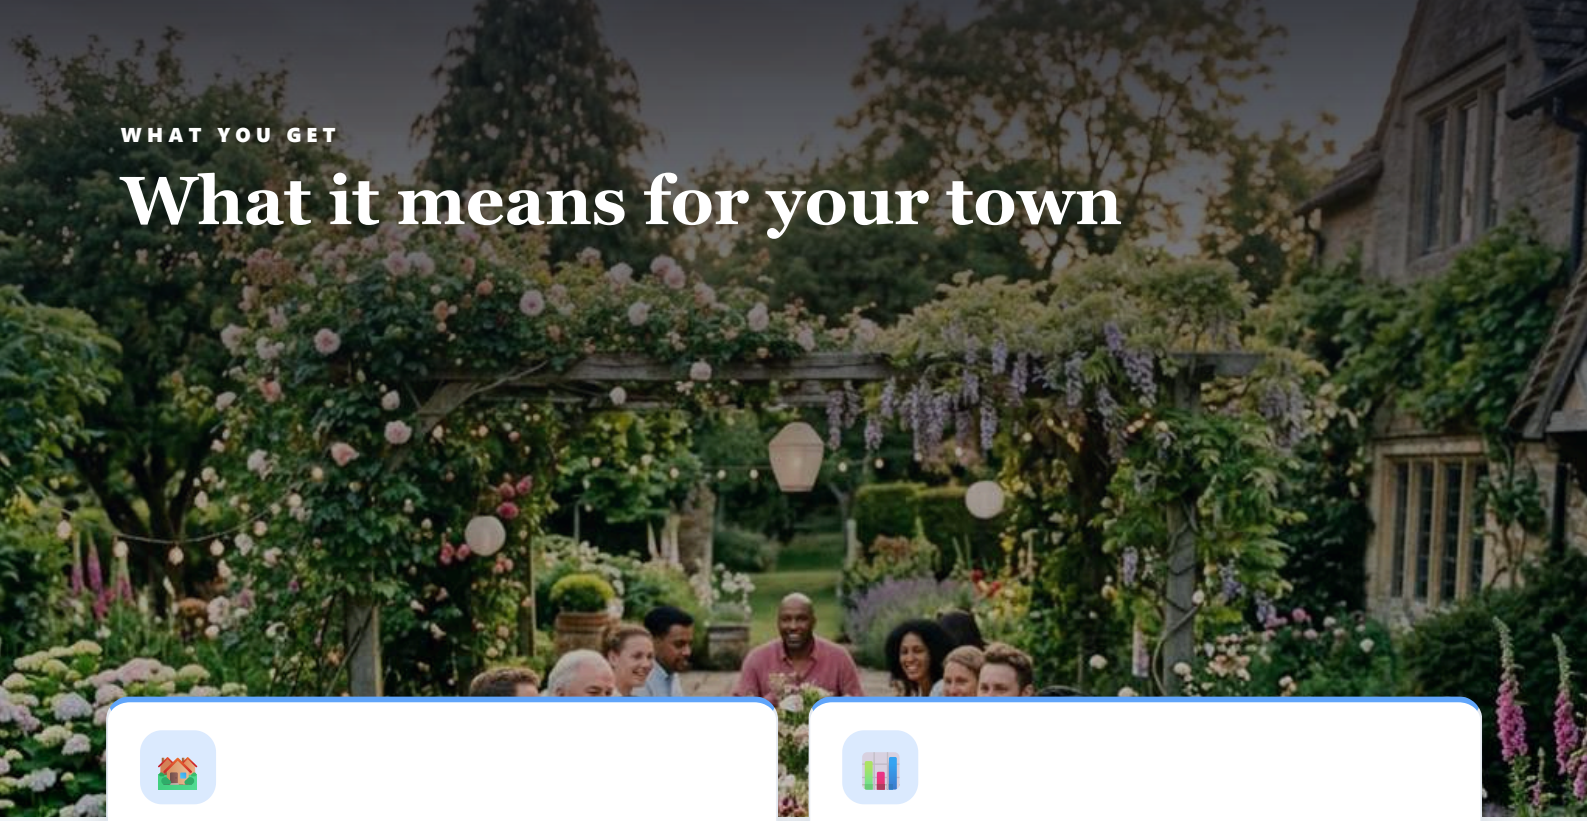

Instead of static pages and printed flyers, more. offers live community hubs that bring residents together and into your town centre every week.

Footfall for local trade
Groups meet and spend in independent cafes, pubs and shops.

Insight into demand
Town alerts show where residents are asking for activity.

Grassroots, not top-down
Volunteer leaders launch groups without a council programme.

WHAT YOU GET

What it means for your town

High street footfall

Bring regular walkers and club members into independent local businesses.

Participation insight

See aggregated activity and emerging demand without compromising privacy.

Grassroots activation

Support volunteer organisers to start and sustain groups at low cost.

Tackle isolation

Create welcoming ways in for young adults, remote workers and older residents.

Town alerts

Identify areas where residents want activities to guide resourcing.

Orderly public space use

Groups meet at clear points with capacity limits and digital check-in.

THE COMPARISON
